French Startup Scooter Electric Cars Available For Order. Scooter Electric Cars Available For Order. A French startup is looking to challenge the established scooter companies and is offering its electric scooters for pre-order. The company is called "Chevanne" and has a history of successful electric scooter rentals in France. Now, they want to introduce their e-scooter to the world. The e-scooters will

be available for pre-order from today at the prices of \$450, \$550 and \$600 and will be shipped in January. The bikes will be available with up to 32 KW electric motors and have two wheel options and will be able to run on “normal” electric chargers or on the fast charger networks. They are due to be available in four different colors and will have a two-year warranty. They will also have a battery-swapping feature that can be done in one minute. The bikes will be battery-only and will be covered by a warranty of 2 years.

The bikes will have a maximum top speed of around 50 km/h. They can be ridden at a minimum speed of 25 km/h on highways, 30 km/h on some main roads and 35 km/h on other roads. You can read more about the scooters on the official website [here](#). The company is expecting orders of 1,000 e-scooters to be shipped in the first year and has guaranteed a 5,000-unit supply. The bikes will 77a5ca646e
